

BOOK DISTRIBUTION MANAGER

Julian Batchelor's book called "*Co-Governance. What it is, why it is wrong, and Why it must be stopped*" is now available in hard copy.

They are \$2 each to buy.

Our dream is to get a copy of this book into the hands of every Kiwi so that they have access to the truth about co-governance.

Thanks to a generous donor, we are able to pay someone, the right person, up to \$500 a week for six months, on contract until the election, to co-ordinate the R.I.D initiative.

R.I.D stands for 'Read, Invest, Distribute'. The ultimate goal is to rid New Zealand of co-governance, once and for all.

In short, it's about Kiwis...

READING my book

INVESTING in it by buying a bunch of books

DISTRIBUTING the books in the area where they live.

You can read more about R.I.D [here](#).

We are asking / urging all Kiwis who love their country to deliver these booklets to letter boxes in the streets around where they live, or by keeping a bunch of copies in their car to hand to people they meet in the course of going about their day OR both.
