

HOW YOU CAN HELP

How can you help stop co-governance where you live?

There is one massively powerful and effective thing you can do.

Please order hard copies of Julian Batchelor's booklet.

Put them in letter boxes. Hand them out everywhere.

Our goal is to have everyone in the country do their street.

Please play your part.

The media and government are hiding the truth about co-governance from the country so we have to go around the media and go directly to the people.

They are \$1 each plus postage.

Just send an email with your name, physical address, email and phone number, plus the number of copies you want to : **teacher.tim@icloud.com**

It's very simple, but hugely effective.

Many people are looking for something in their hand to read.

Thank you for joining in the fight to preserve democracy, equality, and all the other things we value.

- Study NZ History. Reputable authors include Bruce Moon, John Robinson, Mike Butler. Many are not reputable, so be careful.
- Google Tross Publishing and invest in their books. They are all trustworthy
- Don't rely on Government administered web sites for accurate information about New Zealand history. Most have been edited / doctored, deliberately so, so as to misinform Kiwis. Many Kiwis do not realise but all of us are constantly being groomed, getting us ready for tribal rule.
