This means that your video can no longer be played on YouTube.

You received a copyright strike

You now have **two copyright strikes**. If you get one more copyright strike, we'll have to disable your account. To prevent that from happening, please don't upload videos containing copyrighted content that you aren't allowed to use.

What to do next

- If you believe that you're not at fault in one or more of the instances above, you can appeal this takedown by submitting a [counter notification](#). Keep in mind that there may be severe legal

consequences for submitting a counter notification with false information.

- You can also contact the party that removed your video and ask them to [retract](#) their takedown.

Yours sincerely,
The YouTube Team
